1. Note Number 89 dated March 4 was delivered by Emboff to Director Department of North American Affairs, Minister Miguel Angel Espeche, on March 8. Note listed previous unanswered requests for report on circumstances of Mrs. Oliva's death, fact that both relatives and Department of State continue interest in matter, and urging prompt report.
2. Emboff observed that USG notes on subject to date were not protests of a human rights or consular violation but normal requests for information concerning death of one of our citizens. Espeche agreed that lack of GOA response was matter of concern and promised press superiors for action.
3. For the record, we earlier asked for this report in our Notes No. 310 dated October 21, 1976, No. 387 dated December 23, 1976, and No. 25 dated January 27, 1977.
